STATEMENT OF CONFIDENTIALITY & DISCLAIMER

THIS IS A CONFIDENTIAL MEMORANDUM intended solely for your own limited use to determine whether you have an interest in providing financing for Maple Grove & Overland, located at 1770 South Maple Grove Rd, Boise, Idaho (the “Project” or “Property”).

By your receipt of this confidential memorandum, you agree that this memorandum and the information contained herein is of a confidential nature, you will use it only to determine whether you wish to provide financing for the Property, that you will hold and treat it in the strictest confidence, and that you will not, directly or indirectly, disclose or permit anyone else to disclose this memorandum or any part of the contents to any other person, firm or entity without prior written authorization of the Sponsor, nor will you use or permit to be used this memorandum or any part of the contents in any fashion or manner detrimental to or in conflict with the interests of the Sponsor.

This confidential memorandum contains brief, selected information pertaining to the business and affairs of the Property and has been prepared by the Sponsor primarily from information supplied by the Sponsor and other parties. Although this confidential memorandum has been reviewed by representatives of the Sponsor, it does not purport to be all-inclusive or to contain all the information that a prospective lender or investor may desire. Neither the Sponsor nor any of its officers, directors, employees, or agents makes any representation or warranty, express or implied, as to the accuracy or completeness of this confidential memorandum or any of its contents, and no legal liability is assumed or to be implied by any of the aforementioned with respect thereto. This memorandum has been prepared solely for informational purposes to assist an interested equity partner in determining whether to proceed with an in-depth investigation of the Property, and it is understood that a prospective partner is responsible for performing its own due diligence investigations.

Furthermore, this report shall in no way be construed as creating any warranties or representations, express or implied, as to the existence or non-existence or nature of asbestos or any other hazardous, toxic or dangerous chemical item, waste or substance (“Waste”) in, under or on the Property. The Sponsor assumes no responsibility whatsoever for the accuracy or completeness of any information contained herein relating to any such Waste. Any interested equity partner is hereby advised to obtain their own assistance from professional consultants and/or an attorney with respect to hazardous substances prior to deciding whether to pursue the financing of the Property.

The Sponsors expressly reserve the right at their sole discretion to reject any or all proposals or expressions of interest in the Property and to terminate discussions with any party at any time with or without notice. All arrangements for inspections will be made by the Sponsor, and local management at the Property should not be contacted by a prospective partner, its agents, or designees.

This confidential memorandum shall not be deemed an indication of the state of affairs of the Property or the Sponsor, nor constitute an indication that there has been no change in the business or affairs of the Property or the Sponsor since the date of preparation of this memorandum. Prospective equity partners should make their own projections and conclusions without reliance upon the materials contained herein.

If you do not wish to pursue this matter, kindly return this confidential memorandum to the Sponsor at your earliest possible convenience. Photocopying or other duplication is not authorized.

WHY MAPLE GROVE & OVERLAND

PRIME BOISE LOCATION

Located at Maple Grove & Overland — minutes from I-84 with direct access to downtown Boise and the Treasure Valley. Within 2 miles of Boise Towne Square Mall, Costco, and Boise Spectrum.

STRONG MARKET FUNDAMENTALS

Boise average occupancy at 96.7% with \$1,670 average rent (Feb 2026). Population growth of 4.9% (2019–2024). Major employers: Micron Technology, St. Luke's, BSU, Albertsons.

ATTRACTIVE RETURN PROFILE

LP IRR of 20.62% / 2.02x on a 48-month hold with a 9% preferred return. Project-level IRR of 25.06% / 2.31x. Construction targeted to commence Q3 2026.

CLASS A PRODUCT

162-unit garden-style community across 6.13 acres — 8 residential buildings, 1 clubhouse, 257 parking spaces. Average unit size of 908 SF positions the project competitively against existing Class A supply.

INSTITUTIONAL SPONSOR

Hawkins has developed 322+ projects, 14M+ SF, and ~2,400 multifamily units. Active pipeline of 1,000+ units under construction across Idaho, Nevada, Washington and Arizona.

ALIGNMENT OF INTEREST

GP co-invest of \$2.19M (15% of equity / 5.3% of total cost). Equity contributed pro-rata 85/15 LP/GP. GP Manager earns promote only after LP achieves 9% preferred return.

Exit Cap Rate

DISTRIBUTION WATERFALL

Cash flows are distributed pro-rata to all equity holders based on the 85% LP / 15% GP base split. Above each IRR hurdle, the GP Manager earns an increasing additional promote — fully aligning incentives as LP returns increase.

KEY TAKEAWAY

LP and GP both contribute capital pro-rata (85/15) and receive distributions pro-rata throughout. The GP Manager only earns promote after LP achieves its 9% preferred return — fully aligned incentive structure.

LP RETURN SUMMARY

LP returns reflect the levered, post-promote economics — the cash flow received by LP investors after debt service, after the 85/15 pro-rata distribution, and after the GP Manager earns its tiered promote per the waterfall in Section 03.

\$12.40M LP EQUITY Initial LP commitment	20.51% LP IRR Levered, post-promote	2.01x LP MULTIPLE On contributed equity	\$12.93M LP PROFIT Total cash to LP

KEY RISKS & MITIGANTS

RISK	MITIGANT
Construction Cost & Completion Hard-cost inflation, labor or material constraints, or schedule slippage on the \$31.4M hard-cost budget.	Guaranteed-max-price contract with an established general contractor, budgeted contingency, and an in-house team that has delivered 2,000+ units.
Lease-Up & Absorption Slower absorption or concessions could delay stabilization (underwritten ~42% occupancy in Year 2 to 100% by Year 3).	A \$1.06M interest reserve and operating-deficit reserve carry the asset through lease-up; in-place rent comps support underwritten rents.
Interest Rate & Financing Floating-rate construction debt exposes the project to rising rates and to refinance / takeout risk at stabilization.	Interest reserve sized into Sources & Uses, conservative DSCR underwriting, and stress-tested takeout assumptions.
Exit / Cap-Rate Expansion Cap-rate widening at sale would compress the \$58.6M projected reversion (underwritten at a 5.25% exit cap).	Sensitivity-tested across 4.75%–5.75%; even at a 5.75% exit the deal returns ~19.9% IRR / 1.97x, with long-term hold optionality.
Market & New Supply New multifamily deliveries in the submarket could pressure achievable rents and occupancy.	Class A positioning in a supply-constrained Treasure Valley submarket with sustained in-migration and job growth.

PROJECT FEE SCHEDULE

FEE TYPE	BASIS	DESCRIPTION
Project Management Fee	0.5% of Hard Costs	Compensation for managing construction process
Developer Fee	4% of Hard + Soft Costs	Compensation for sourcing, designing, and executing
Acquisition Fee	1% of Land Purchase Price	Compensation for sourcing land and closing acquisition
Credit Enhancement Fee	1% of Loan Amount	Compensation for procuring and guaranteeing construction loan
Asset Management Fee	1% of Equity (annual)	Ongoing compensation for portfolio oversight
General & Administrative Fee	\$200,000	Overhead reimbursement for sponsor's general and administrative costs
Disposition Fee	0.25% of Gross Sales Price	Compensation for executing sale of stabilized asset

All fees are market-standard and fully disclosed; the Sponsor's primary economic upside is the GP promote earned only after LP achieves its 9% preferred return.

THE CITY OF TREES

Boise is the capital and largest city of Idaho, and the economic hub of the Treasure Valley (Ada + Canyon counties). The city has experienced significant population growth driven by immigration from higher-cost West Coast markets, a thriving job market, and an exceptional quality of life — top-rated schools and an average commute under 20 minutes.

Boise's economy is anchored by Health Care, Retail Trade, and Professional & Technical Services. Major employers include St. Luke's Health System, Micron Technology (multi-billion dollar expansion underway), Albertsons Companies, and Boise State University.

Idaho's favorable tax environment, low cost of living relative to coastal metros, and strong income growth continue to make Boise one of the most desirable markets in the Mountain West.

ARCHITECT

MARLA CARSON ARCHITECT | EAGLE, IDAHO

Marla Carson Architect is a Boise-area architectural firm specializing in multifamily projects of 24 units or more. The firm focuses on livable, sustainable design rooted in the Treasure Valley's natural environment, with emphasis on quality housing across multifamily and senior living segments.

Founded and led by Marla Carson, a University of Idaho graduate with 18 years of licensed Idaho practice. Prior to launching her own firm, Marla led the multifamily studio at neUdesign Architecture in Meridian and held design roles at EVstudio.

Notable work includes a 32-unit townhome community in Garden City, commercial office space along Eagle Road in Meridian, and credits across assisted living and memory care facilities throughout Idaho.

Role on Maple Grove & Overland — Lead architect responsible for site planning, building design, unit layouts, exterior architectural detailing, and coordination with the City of Boise through design review.

GENERAL CONTRACTOR

PERRYMAN CONSTRUCTION MANAGEMENT | BOISE, IDAHO

Perryman Construction Management (PCM) is a Boise-based general contractor specializing in multifamily construction across the Treasure Valley. The firm brings rigorous project management, procurement discipline, and cost control to every project — consistently delivering on time, safely, and within budget.

Founded in its current iteration in 2015 by industry veteran Kelly Perryman, a Treasure Valley native who began his construction career in 1989 and completed his first multifamily project in 2001. Across his career, Kelly has overseen the construction of approximately 6,000 housing units in the Treasure Valley.

Notable multifamily work includes Theodore Condos and Lenity Apartments. PCM holds an Idaho Registered Entity Contractor license and a BuildZoom score of 90, with 194 permitted projects on record across the state.

Role on Maple Grove & Overland — General contractor responsible for pre-construction, procurement, subcontractor management, scheduling, and on-site construction of the 162-unit, 8-building Class A community.

CIVIL ENGINEER

KM ENGINEERING, LLP | BOISE, IDAHO

KM Engineering, LLP is a Boise-based consulting firm providing civil engineering, land surveying, land planning, landscape architecture, and environmental services to public agencies and private developers across the Treasure Valley and 14 states.

Founded in 2009 by Kelly Kehrer, P.E. and Kevin McCarthy, P.E., with Joe Pachner, P.E. joining as principal in 2011. The firm has built a reputation for responsive, high-quality service and strong project management, with 40+ professionals on staff.

KM Engineering's clients span private development and public agencies including the Idaho Division of Public Works, Idaho Transportation Department, and Ada County Highway District, with experience across multifamily, mixed-use, commercial, and institutional projects.

Role on Maple Grove & Overland — Civil engineer of record responsible for site civil design, grading and drainage, utility coordination, land surveying, ACHD coordination, and construction administration.

COMPANY OVERVIEW & HISTORY

FOUNDED 1976 | BOISE, IDAHO

In 1976, Gary Hawkins began developing commercial real estate with a primary focus on retail shopping center development. Hawkins was formed in 1978 as a full-service real estate firm servicing its clients through in-house staff.

To date, Hawkins has developed over 322 projects in 28 states in excess of 14 million square feet — serving over 400 different national, regional, and local clients.

Historically focused on retail development, Hawkins has diversified over the last ten years into hospitality, storage, office, and educational properties. Within the last five years the firm has shifted its strategic focus to multifamily development. With over 2,400 units completed, Hawkins has secured a position as a highly qualified, up-and-coming multifamily developer with proven success in garden-style product.

Hawkins understands that its long-term success is predicated upon the continued success of its clients and residents.
